20. The Bear River Head Start Timesheet Random Audit Procedure was approved.
21. The Consolidation Grant was discussed.
22. Budget Committee/Fiscal Report:
 - Every Budget Committee Meeting begins with discussing how far into the fiscal year we are. We are 33% into the year.
 - Everyone is given a budget report for their service area to review and evaluate if we need to cut back in certain areas or spend more.
 - The TANF grant year is coming to a close on 6/30/22. The funds will be fully expended with no need for a spend down. The new TANF grant year will begin 7/1/22 with the same 13 slots and funding.
 - The ECP grant year will end on 7/31/22 and as of 8/1/22 the grants will be consolidated to just Early Head Start and Preschool Head Start.
23. Director's Report:
 - We had our Federal Review and Audit.

- We expect to be on a Corrective Action Plan for a fiscal issue regarding time cards. The Fiscal Office is already working on it by getting protocols, policies and procedures in place to make sure the concern doesn't happen again.
- The other issue that came up during the review is related to Early Head Start with developmental screeners that must be completed on the children within 45 days of being enrolled, the ASQ's and ASQ-SE's. With COVID numbers rising and the mask mandate put into place near the beginning of the school year, many were not completed for centerbased children within the deadline outlined in the Performance Standards. Homebased were still able to meet with the parents and completed them within the deadline. This concern will probably be listed under Monitoring of Program Data because Board and Policy Council were not made aware at the time that this happened. They suggested giving Board and Policy Council monthly data reports from every part of the program to make sure this doesn't happen again. Policy Council inquired if the screeners could be sent to the parents over something like PandaDoc with reminders set up for completion. We will look into this.
- We have a new health team who came on right before the Federal Review. The Review was a more difficult process for them. Our new health team will receive further support and training as they take on their new positions.

24. Board Report:

- Suzie thanked everyone for the chance to join the meeting.
- She was unable to attend last month's Board meeting but the information from it was shared with her.
- Board approved the Policy Council Composition, Policy Council Bylaws, April Board Minutes and application for COLA and Quality Funding. They also received Active Supervision Updates and the Fiscal and Budget Committee reports.

25. Policy Council Concerns & Other Discussion Items:

27. Parent Committee Meeting Report:

- The Parent Committee Meeting was rescheduled and a survey was sent out to parents instead. Policy Council inquired if we have results from the survey that we can share. The survey asked about having Parent Committee Meetings changed to a different time, etc. We are currently collecting all the data and will know soon. Policy Council asked if meetings will be suspended until the survey results are in. We will have Parent Committee Meetings but wanted to collect the data since attendance has been low. We want to increase attendance and make sure the time is working for all parents.

20. Se aprobó el procedimiento de auditoría aleatoria de la hoja de horas de Bear River Head Start.
21. Se discutió la Subvención de Consolidación.
22. Comité de Presupuesto/Informe Fiscal:
 - Cada reunión del Comité de Presupuesto comienza discutiendo qué tan avanzado está el año fiscal. Estamos al 33% en el año.
 - Todos reciben un informe de presupuesto para su área de servicio para revisar y evaluar si necesitamos recortar en ciertas áreas o gastar más.
 - El año de la subvención TANF está llegando a su fin el 30/06/22. Los fondos se gastarán en su totalidad sin necesidad de reducción de gastos. El nuevo año de la subvención TANF comenzará el 1 de julio de 2022 con las mismas 13 plazas y financiación.
 - El año de la subvención ECP finalizará el 31/7/22 y, a partir del 1/8/22, las subvenciones se consolidarán solo en Early Head Start y Preschool Head Start.
23. Informe del director:
 - Tuvimos nuestra Revisión Federal y nuestra Auditoría.

- Esperamos estar en un Plan de Acción Correctiva para un problema fiscal con respecto a las tarjetas de tiempo. La Oficina Fiscal ya está trabajando en ello al implementar protocolos, políticas y procedimientos para asegurarse de que la preocupación no vuelva a ocurrir.
- El otro problema que surgió durante la revisión está relacionado con Early Head Start con evaluaciones de desarrollo que deben completarse en los niños dentro de los 45 días de haber sido inscritos, ASQ y ASQ-SE. Con el aumento de los números de COVID y el mandato de máscara establecido cerca del comienzo del año escolar, muchos no se completaron para los niños del centro dentro del plazo establecido en los Estándares de Desempeño. Homebased aún pudo reunirse con los padres y los completó dentro del plazo. Esta preocupación probablemente aparecerá en la lista de Monitoreo de los datos del programa porque la Junta y el Consejo de políticas no estaban al tanto en el momento en que esto sucedió. Sugirieron entregar informes de datos mensuales a la Junta y al Consejo de políticas de cada parte del programa para asegurarse de que esto no vuelva a suceder. El Consejo de Políticas preguntó si las evaluaciones podrían enviarse a los padres sobre algo como PandaDoc con recordatorios configurados para completar. Miraremos esto.
- Tenemos un nuevo equipo de salud que llegó justo antes de la Revisión Federal. La Revisión fue un proceso más difícil para ellos. Nuestro nuevo equipo de salud recibirá más apoyo y capacitación a medida que asuman sus nuevos puestos.

24. Informe de la junta:

- Suzie agradeció a todos por la oportunidad de unirse a la reunión.
- No pudo asistir a la reunión de la Junta del mes pasado, pero se le compartió la información.
- La Junta aprobó la Composición del Consejo de Políticas, los Estatutos del Consejo de Políticas, las Actas de la Junta de abril y la solicitud de COLA y Financiamiento de Calidad. También recibieron las Actualizaciones de la Supervisión Activa y los informes del Comité Fiscal y de Presupuesto.

25. Inquietudes del Consejo de Políticas y otros temas de discusión:

- No hay elementos para discutir.

27. Informe de la reunión del comité de padres:

- La Reunión del Comité de Padres fue reprogramada y en su lugar se envió una encuesta a los padres. El Consejo de Políticas preguntó si tenemos resultados de la encuesta que podamos compartir. La encuesta preguntó si las reuniones del Comité de Padres se cambiaron a una hora diferente, etc. Actualmente estamos recopilando todos los datos y lo sabremos pronto. El Consejo de Políticas preguntó si las reuniones se suspenderán hasta que se obtengan los resultados de la encuesta. Tendremos reuniones del Comité de Padres, pero quería recopilar los datos ya que la asistencia ha sido baja. Queremos aumentar la asistencia y asegurarnos de que el tiempo funcione para todos los padres.
