

Know Before You Fill

Compare drug prices

Log in to your SelectHealth member account to search for covered medications, compare drug prices, and see other information about your prescriptions and benefits. Your member account also has information about any special requirements, like step therapy or preauthorization, which you and/or your doctor may need to complete before you can fill a prescription. If you ever have questions about drugs with special requirements, call Member Services at **800-538-5038**.

Save money with lower-tier drugs

The list of drugs covered by your plan will be either RxSelect[®] or RxCore[®]. Your member materials and ID card indicate which drug list you have, and searchable versions of these two drug lists are available on our website.

Your drug list will have three or four tiers of coverage and each tier corresponds to a copay or coinsurance amount (the amount you pay when you get drugs at the pharmacy). Look for generics and lower-tier alternatives to pay less for equally effective medications.

\$	Tier 1	Lowest Cost (mostly generic drugs)
\$\$	Tier 2	Higher Cost (generic and brand-name drugs)
\$\$\$	Tier 3	Highest Cost (mostly brand-name drugs)
\$\$\$\$	Tier 4	Injectable Drugs and Specialty Medications

Rx Savings Solutions

Stop overpaying for your prescriptions

Activate Rx Savings Solutions.

A new way to help lower your prescription drug costs.

How it works

- 1** Rx Savings Solutions uses software connected to your health plan. It looks at the medications you take and finds options that may save you money.
- 2** Your online account shows which lower-cost prescriptions are available and lets you compare prices. It also automatically lists any medications you've filled so everything's in one place. It's like having your own personal pharmacist right at your side.
- 3** Rx Savings Solutions will contact you anytime you're spending too much on prescriptions you're currently taking or new ones you're prescribed in the future.
- 4** Switching to a more affordable prescription is easy. Rx Savings Solutions will consult with your doctor to get their approval on any changes and take care of all the other details—no effort required from you.
