

# Choose the **small business plan** with **low cost** and **high contribution potential**

A Simplified Employee Pension Individual Retirement Account (SEP IRA) from Capital Group, home of American Funds, focuses on your needs as a small business owner while enabling you to help your employees save for retirement. Easy to set up and maintain, a SEP IRA provides a number of benefits, including:

**High contribution limits** for you and your employees

**Investments** to help participants build a diversified retirement portfolio

**Cost efficiency** that includes tax advantages for your business

**Quality service** for enhanced convenience and support

**Ability to control your plan** according to your needs and preferences

## High contribution limits for you and your employees

A SEP IRA allows you to invest far more than would be possible through a traditional or Roth IRA, or even a SIMPLE IRA plan. In fact, because of the plan's high contribution limits, SEP IRAs tend to be particularly attractive to business owners looking to maximize their retirement savings.

Contributions can be made by the employer on a discretionary basis. So you decide how much you'd like to invest for both yourself and your employees.

When you choose to make contributions to your retirement plan account, you also must contribute to each participant account. But all of those contributions are a tax-deductible business expense.

All contributions are immediately vested.

## Cost efficiency that includes tax advantages for your business

In contrast to high contribution limits, administration costs for a SEP IRA are quite low. We charge only \$10 to set up each account and an annual \$10 maintenance fee. You can choose to pass these expenses on to your participants or have your company pay for them.

As a plan sponsor, you may be eligible for a tax credit up to \$5,000 per year for the first three years to help offset the cost of starting a SEP IRA plan. In general, the available credit allows \$250 a year for each eligible non-highly compensated employee up to the annual limit of \$5,000.

## Are you using another provider?

Regardless of where you open your plan, ask for American Funds and our target date retirement series.

Investments are not FDIC-insured, nor are they deposits of or guaranteed by a bank or any other entity, so they may lose value.

## Ability to control your plan according to your needs and preferences

A SEP IRA allows you to decide how the plan will be run. For example:

- Contributions are not required; you decide when and how much you'd like to contribute to the plan (so your plan can function more like a profit-sharing plan, if you wish)
- The plan can be established anytime before your tax-filing deadline (including extensions) – ideal for small businesses that may not know their financial condition until year-end
- The plan operates with a minimum amount of paperwork and requires no complex reporting to the IRS, allowing you to focus on what's really important – your business
- You can limit your fiduciary liability since each employee controls their own account and investment decisions
- While most employees generally are eligible, you decide whether or not to cover certain workers, including:
  - Employees with annual earnings below \$650
  - Union members with a collective bargaining agreement
  - Nonresident alien employees with no U.S. source of income

- Employees under the age of 21
- Employees who have worked for your company less than three of the immediately preceding five years
- You can terminate the plan at any time

## Investments to help participants build a diversified retirement portfolio

With a Capital Group SEP IRA, you can choose from the same quality investment options that larger companies make available in their employer-sponsored 401(k)s, including:

- The full menu of American Funds that has helped investors pursue their long-term goals for more than 90 years
- The American Funds Target Date Retirement Series®
- The American Funds® Portfolio Series

## Quality service for enhanced convenience and support

We provide you and your employees with:

- 24/7 online account access
- Online resources and information about retirement planning and the investments in your plan
- Over-the-phone support and answers to your questions about the plan

### SEP IRAs – a closer look

<b>Deadline to establish</b>	By employer's tax filing deadline (including extensions)
<b>Contributions</b>	By employer only on a discretionary basis
<b>Contribution limits</b>	Lesser of 25% of participant's compensation* or \$61,000; must be the same percentage of compensation for all employees up to the stated maximums
<b>Investment decisions</b>	Employee
<b>Vesting</b>	Immediate
<b>Ongoing maintenance</b>	No annual filings or disclosures required
<b>Annual nondiscrimination testing</b>	Nondiscrimination testing not required; top-heavy rules apply

\* The 2022 compensation limit is \$305,000 when determining maximum contributions. Contribution percentages are calculated based on the compensation limit; for example, for 2022 a 5% contribution would be capped at \$15,250 even if a participant makes more than \$305,000.
